Increase rink profits substantially!

- Trainers are economical and effective teaching tools to help skaters of all ages learn to roller skate.
- Stabilized by a skate mate trainer, a new skater can quickly develop balance and self-confidence.
- Waterproof, rustproof, high-quality, high-impact, and structural-grade plastic.
- Heavy duty, ball-bearing, swivel casters with no-mar, 3 inch diameter, rubber wheels for smooth mobility on every type of skating floor.
- Easily assembled in minutes then nest together for easy compact storage.

Skate Mate Trainers (New Design)

Made in
the
U.S.A.

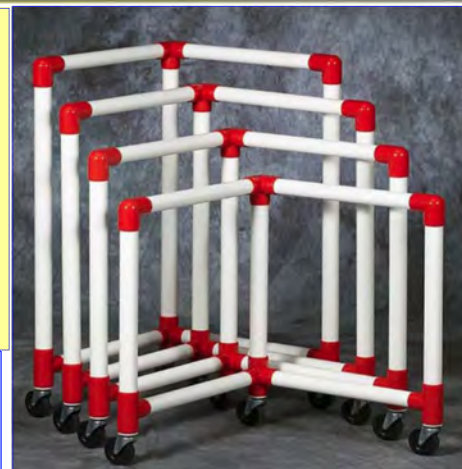

The two side vertical posts are 1-1/4" shorter than the middle post. This requires children to grasp the trainer further back on the horizontal pipes. Making it less likely for the child to fall forward and more likely to fall back. Less strain on the SMT, less chance of the child doing a face plant. Offered in four sizes to meet the needs of all size skaters. Sold in lots of 5, mix any size.

Small	25 1/2"	Medium	28 1/2"
Large	31 1/2"	Extra-Large	34 1/2"

5 -15	\$70.00 each + shipping
20 or more	\$65.00 each + shipping

Assembly Instruction

For Customer Service call Duracart at
717-633-0011

- Assemble with a plastic mallet or towel covered hammer.
- Lay the base onto the floor with the Roller Skate Mate label Up.
- If desired, apply a thin layer of cement onto the inside of each opening. Insert a pipe into each hole and tap into place.
- Install the top onto the upright pipes and tap into place.
- Turn the skate trainer upside down.
- Insert a caster into each bottom hole and tap into place.
- Turn the skate trainer over and place the wheels onto the floor.
- You are now ready to safely learn how to roller

NOTICE!

- Please inspect your new Skate Mate Trainer parts thoroughly when you receive them.
- In the unlikely event that there are any defects, you must report them to Funtastic Novelties within 15 days of receipt.
- PVC pipe can and will incur breakage with use and/or misuse.
- Skate Mate Trainers and parts are NOT guaranteed.
